

Adhesive-Backed & Reusable Foam Polymer Sliders & Floor Protectors

Adhesive-backed sliders and reusable foam sliders are designed to help move large furniture and equipment, protect carpets from snags, protect floors from scratches and rust stains, reduce table wobble, dampen vibration, and keep furniture joints from loosening. Offered in round, square (-SQ), rectangle (-RE), & triangular (-TRI) shapes.

The reusable foam sliders do not have an adhesive backing and are designed for all applications. The adhesive backed commercial duty foam sliders are designed for rugged environments (cement, patios, etc).

Typical applications include patio furniture, bookcases, chests of drawers, entertainment centers, file cabinets, refrigerators, stoves, washing machines, sofas, beds, tables, chairs, desks, bar stools, appliances, exercise equipment, office partitions, etc.

When using sliders on wood floors, the floor must be clean and free from grit or scratching may occur. If the surface of a slider becomes scatched, do not use it on wood floors. Do not use sliders on newly refinished wood floors for at least 30 days.

For the best protection against scratches on wood floors, we offer a 4" felt pad reusable slider. IEC's adhesive backed wool-felt pads are the best solution for wood floors.

Pricing on our new Slip-On sliders (shown in bottom of photo above) to fit over chair legs and existing glide feet :

(1" to 1-1/4") IL26-SLDR-SO @ \$1.65

(1" to 1-1/2") IL27-SLDR-SO @ \$1.88

Also available with felt base.
